Eunhan Ka

Ph.D. Candidate · Lyles School of Civil and Construction Engineering, Purdue University
550 W Stadium Ave, West Lafayette, IN 47907, United States
kae@purdue.edu | eunhanka.github.io | eunhanka | Eunhan Ka

Education

Purdue University *United States*
Ph.D., Lyles School of Civil and Construction Engineering *Aug. 2020 - present*

- **Dissertation: Physics-Informed Neural Networks for Secure Connected and Autonomous Traffic Modeling** (Committee Members: Satish V. Ukkusuri (Advisor), Ludovic Leclercq, Yiheng Feng, Z. Berkay Celik)

Seoul National University *South Korea*
M.S., Dept. of Civil and Environmental Engineering *Feb. 2018*

- **Thesis: A Simulation Study of Demand Responsive Transport for the Disabled to Minimize User Waiting Time** (Committee Members: Chungwon Lee (Advisor), Dong-Kyu Kim, Seung-Young Kho)

Seoul National University *South Korea*
B.S., Dept. of Civil and Environmental Engineering *Feb. 2016*

Research Experience

Graduate Research Assistant *Aug. 2020 - Present*
Purdue University

- Develop an innovative framework that strengthens road network resilience to cyber threats, minimizing potential disruptions and ensuring robust transportation system performance. **(Sponsor: USDOT)**
- Conduct a workforce development needs assessment to pinpoint critical skill gaps and implement targeted training strategies to bolster employee engagement and performance. **(Sponsor: INDOT)**
- Propose a novel methodology that integrates physics-informed deep learning into large-scale cyber-physical systems, enabling precise predictions of traffic states. **(Sponsor: USDOT)**
- Predict origin-destination (OD) matrices by using mobile location data **(Sponsor: INDOT)**
- Analyze the traffic impact of movable barrier on Vancouver's Alex Fraser Bridge by leveraging the mobile location data with static traffic assignment **(Sponsor: Lindsay Corporation)**

Researcher *Mar. 2018 - Aug. 2020*
Seoul National University

- Led a study on designing a cluster-based route of multi-capacity vehicles of demand-responsive transport services for the disabled **(Sponsor: T-Money Welfare Foundation, South Korea)**
- Developed optimal operation strategies of Mobility-as-a-Service (MaaS) for the mobility impaired **(Sponsor: National Research Foundation of Korea, South Korea)**
- Modelled lane changing on freeways and gap acceptance behaviors at roundabouts in real situations and virtual reality **(Sponsor: Ministry of Land, Infrastructure and Transport, South Korea)**

Graduate Research Assistant *Mar. 2016 - Feb. 2018*
Seoul National University

- Designed a real-time relocation strategy for one-way car-sharing and developed an event-based simulation for one-way car-sharing services **(Sponsor: National Research Foundation of Korea)**
- Led a study on improving demand-responsive transport services for the disabled with shared mobility in Seoul **(Sponsor: T-Money Welfare Foundation, South Korea)**
- Developed an evaluation method to evaluate drivers' behaviors with surrogate safety measures **(Sponsor: Ministry of Land, Infrastructure and Transport, South Korea)**

Teaching & Mentoring Experience

Undergraduate Mentorship *Fall 2024 - Spring 2025*

Lyles School of Civil and Construction Engineering, Purdue University

- Akshit Kumar Bedi, Abrar Ali (Poster, 2025 CERIAS Cybersecurity Symposium at Purdue University)

Teaching Assistant *Jan. 2021 - Dec. 2024*

Lyles School of Civil and Construction Engineering, Purdue University

- CE 661 - Algorithms in Transportation (Fall 2024, Graduate)
- CE 597 - Network Models for Connected Autonomous Vehicles (Fall 2023, Spring 2023, Spring 2022, Fall 2021, Graduate)
- CE 597 - Smart Logistics (Fall 2024, Fall 2021, Graduate)
- CE 597 - Data Science for Smart Cities (Fall 2023, Spring 2021, Graduate)

Lecturer *Nov. 2019*

Dept. of Civil and Environmental Engineering, Seoul National University

- Introduction to Civil and Environmental Engineering (Transportation Engineering)

Teaching Assistant *Sep. 2016 - Dec. 2017*

Dept. of Civil and Environmental Engineering, Seoul National University

- Sustainable Transportation Systems (Fall 2017, Undergraduate)
- Advanced Transportation Operation (Spring 2017, Graduate)
- Leadership for Civil Engineers (Spring 2017, Undergraduate)
- Introduction to Transportation Engineering (Fall 2016, Undergraduate)

Publications

Under Review & Preparation

3. **Ka, E.** and Ukkusuri. S. V. (Under Review). Route Guidance Attacks in Cyber Transportation Networks: A User-Centered Study of Behavioral Sensitivity. *Transportation Research Part F: Traffic Psychology and Behaviour*.
2. **Ka, E.**, Leclercq, L., and Ukkusuri. S. V. (Under Review). Adaptive Spatial-Temporal Domain Decomposition in Physics-Informed Neural Networks for Traffic State Estimation. *26th International Symposium on Transportation and Traffic Theory (ISTTT26)*.
1. **Ka, E.**, Yeke, D., Celik, Z. B., and Ukkusuri. S. V. (Under Review). Fake Rush Hour: Exploring Bounded-Rational Route Guidance Attacks on Urban Navigation Systems. *Network and Distributed System Security (NDSS) Symposium 2026*.

1. Lee, S., Lee, H., Lee, J., **Ka, E.**, and Lee, C. (2016). Analysis of Traffic Flow Impacts of Highway Traffic Accidents Using Survival Analysis. *74th Korean Society of Transportation Conference*, Jeju, South Korea. **[Outstanding Paper Award]**.

Awards, Fellowships & Grants

GLITE Endowment fund — *$ 445* — *Apr, 2025*
Great Lakes District of Institute of Transportation Engineers (GLITE)

Honorable Mention, 2025 Clifford Spiegelman Student Paper Competition — *$ 250* — *Jan, 2025*
The Transportation Statistics Interest Group of the American Statistical Association

2025 KOTAA Travel Grant Award — *$ 100* — *Jan, 2025*
Korean Transportation Association in America (KOTAA)

Travel Grant — *$ 300* — *Dec, 2024*
Purdue Graduate Student Government and the Graduate School

Student Paper Award — *Dec. 7, 2024*
ITE Indiana

Kinnier Graduate Scholarship — *$ 750* — *Oct. 4, 2024*
Lyles School of Civil and Construction Engineering, Purdue University

STV Civil Engineering Graduate Assistantship Endowment — *$ 500* — *Oct. 1, 2024*
Lyles School of Civil and Construction Engineering, Purdue University

2024 KOTAA Travel Grant Award — *$ 200* — *Jan, 2024*
Korean Transportation Association in America (KOTAA)

Crooks Travel Scholarship — *$ 500* — *Sep. 18, 2023*
Lyles School of Civil Engineering, Purdue University

Outstanding Paper Award — *Mar. 10, 2018*
78th Conference of Korean Society of Transportation, Korean Society of Transportation

Lecture & Research Scholarship — *$ 4,500* — *Sep. 2016*
Dept. of Civil and Environmental Engineering, Seoul National University

Brain Korea 21 Plus Scholarship — *$ 2,400* — *Mar. 2016*
National Research Foundation of Korea

Need-based Scholarship — *$ 500* — *Mar. 01, 2016*
Dept. of Civil and Environmental Engineering, Seoul National University

Outstanding Paper Award — *Feb. 19, 2016*
74th Conference of Korean Society of Transportation, Korean Society of Transportation

Alumni Association Scholarship — *$ 3,000* — *Oct. 25, 2015*
Alumni Association of Dept. of Civil Engineering, Seoul National University

Bronze Award — *$ 400* — *June 17, 2013*
6th Science and Technology Writing Excellent Research Paper Presentation Competition, College of Engineering, Seoul National University

Academic and Professional Activities

Academic Service

- **Journal Referee**: Transportation Research Part C: Emerging Technologies; Transportation Research Interdisciplinary Perspectives; Transportation Research Record: Journal of the Transportation Research Board; The Journal of Supercomputing; Journal of Transportation Engineering, Part A: Systems; Data Science for Transportation
- **Conference Referee** : Transportation Research Board; IEEE Intelligent Transportation Systems Conference (ITSC); ISTTT26 (Co-reviewer); ISTTT25 (Co-reviewer)

Professional Service

- **American Society of Civil Engineers (ASCE)**: Associate Member (May, 2025 - Current); Student Member (Sep, 2022 - Apr, 2025)
- **Institute of Electrical and Electronics Engineers (IEEE)**: Student Member (May, 2025 - Current); IEEE Intelligent Transportation Systems Society Student Member (May, 2025 - Current)
- **Institute for Operations Research and the Management Sciences (INFORMS)**: Student Member (May, 2023 - Current)
- **ITE Purdue Student Chapter**: Communications Director (Aug, 2024 - July, 2025); Member (Aug, 2020 - Current)

Skills

Programming

- **Python (w/ TensorFlow, PyTorch, Keras, PySpark, and GeoPandas)**: Machine learning and deep learning models based on TensorFlow, Pytorch, and Keras; Massive data (e.g., mobile phone location data) preprocessing for trip data extraction based on PySpark and GeoPandas
- **R**: Time-series analysis; Data preprocessing; Data clustering; Data visualization; Discrete choice modeling; and Statistical analysis
- **Java (w/ CPLEX)**: Agent-based simulation (demand responsive transport services); Event-based simulation (one-way car-sharing services); Optimization models using the API of CPLEX

Software

MATLAB(w/ Simulink), CPLEX, SPSS, NLOGIT, TransCAD, LaTex
